(sig=.05) (all_pairs) columns tested BC, DEFG, HI, JKLMNOPQ, RSTUVW

We'd like to get your feelings towards different generations on a "feeling thermometer." A rating of zero degrees means you feel as cold and negative as possible. A rating of 100 degrees means you feel as warm and positive as possible. You would rate the group at 50 degrees if you don't feel particularly positive or negative toward the group.

Q49. How do you feel toward the following: Gen Z (ages 11-26)
